LOVE ME PLEASE **The Story of JANIS JOPLIN**

NBM’s library of biographies adds a volume on the fascinating and tragically short singing career of one of rock’s legends: Janis Joplin.

She was naturally tremendously gifted, her voice coupled with her energy and explosive need to express herself in song making her a riveting performer. But it is that very intensity that leads to her burning out very quickly, dying of a drug overdose.

Addiction was a deep problem for her all along. It wasn’t just drugs, alcohol and sex were all part of her addictive behavior. The need to be loved and accepted were driving forces for her. She tried to rein in the impulses but ultimately gave in to them. On this meteoric path, she let herself indulge freely in all she wanted and was ahead of her time in her open bisexuality.

Next in the NBM Comics Biography series: another amazing musician: Django Reinhardt in “Django, Hand on Fire” in January, for the next Black History Month a bio of Rosa Parks, and we’ve got a major tome of a bio on the superlative Alfred Hitchcock brewing...
