Find out from a top Chef THE SECRETS OF CHOCOLATE

This just might be 2021's most delicious graphic novel.

Comics reporter Franckie Alarcon does a deep dive into the making of chocolates, everything from how the beans are chosen in Peru through the roasting process and 'conching' to the creation of each chocolate piece, including a number of recipes for truffles, pralines and the best hot chocolate you can dream of.

Most of the book he ghosts Parisian chocolate chef and boutique owner Jacques Genin to learn all this yummy stuff.

It's a fascinating, mouth-watering ride we have alongside him.

And we'll have another delicious graphic culinary discovery book by Alarcon in December, where he goes to Japan to learn all about Sushi! Stay tuned...

Alarcon is available for an interview or two. For this and more information, contact our publicist Stefan Blitz (publicity@nbmpub.com).
