

FOR IMMEDIATE RELEASE

Everything there is to know about THE ART OF SUSHI

After Franckie Alarcon's delicious book on Chocolate (*The Secrets of Chocolate*, NBM, May '21), this January we have another foodie comics experience with this same author's book *The Art of Sushi* where we accompany he and his team to Japan to find out all about the subject.

And he is thorough: from an established old-guard 3 Michelin star sushi chef in Tokyo to an exciting innovating younger chef to everyday versions in a typical home but also showing how:

- sushi rice is grown,
- sake is made
- the special knives for cutting the fish just right are forged (with traditions dating back to the Samurai)
- various recipes

it's all there and fascinating.

We get to discover the real sushi, we get to discover Japan.

Publication is for January 2021.
